Jean speaks French, not a word is said For those who set sail on her waterbed It's a fetish cruise, our pleasure to Hmm do business with you Do ya feel like taking 'em down Do ya feel like taking 'em down

Love and hope, trust and faith After prayer it's back to Alice's place Peaches and cream, angel food If you can't get up then just get rude

Do ya feel like taking 'em down Do ya feel like taking 'em down Do ya feel like taking 'em down Do ya feel like taking 'em down

Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine

Jean's well aware that time's nofriend Gravity's calling, the party will end But until it does, love's for lunch Half the world blows and half the world sucks

Do ya feel like taking 'em down Do ya feel like taking 'em down Do ya feel like taking 'em down Do ya feel like taking 'em down

Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine Fight it all you want it's a love machine
