I'll tell you what I think
I think she's a cow
She's let you down too many times now
Let's go for a drink
Forget it for now
Put it behind you
I think its your round

'Cause you're my mate and I will stand by you
You're my mate and I will stand by you
and in the face of things that could hurt you
You're my mate and I will stand by you

'Cause you are my mate and I will stand by you
You're my mate and I will stand by you
and in the face of things that could hurt you
You're my mate and I will stand by you
'Cause you are my mate

I'll tell you what I think
I think he's a pain
He ain't got a car but he drives you insane
Let's go for a drink
and sink a few
enough about him, lets talk about you

'Cause you're my mate and I will stand by you
You're my mate and I will stand by you
'Cause you're my mate and I will stand by you
You're my mate and I will stand by you
and in the face of things that could hurt you
You're my mate and I will stand by you
'Cause you're my mate

All I wanna do is get drunk here with you
All I wanna do is get drunk here with you
All I wanna do is get drunk here with you
All I wanna do is get drunk here with you

'Cause you're my mate and I will stand by you
You're my mate and I will stand by you
and in the face of things that could hurt you

You're my mate and I will stand by you
'Cause you're my mate

'Cause you're my mate and I will stand by you
You're my mate and I will stand by you
and in the face of things that could hurt you
You're my mate and I will stand by you
'Cause you're my mate
