Verse 1 (DubG)

Hot damn here comes the man
I drop a little rhyme just to make you understand
The privilege and genesis of something so ridiculous
Uh wait a minute ok
Tell me what you wanna do now what what what
Rock your body uh with a tender what
See I can keep up I'll make you loose your breath
You just sit and say my name while I do the rest
Cause i
Wanna take you home
So
We can get it on
With
Or with out our clones
We can act bad till the break of dawn
Tell me girl what you say about that
On the ben we can lay it out flat
Caress your bagy as I hit it from the back

Oh I know you think its phat

Chorus (QB - Daffy) x2

All the fellaz in the club lets roll "lets roll"
All the ladies with your bodies like wow "like wow"
The night is young and we rocking it for sure
We gonna bounce all night lets go "lets go"

Verse 2 (Kwe)

Ive been given the green light and I got my mode on
weapon
A1 is back with a brand new weapon
Aint no half stepping
We coming full effect
Spitting dope rhymes over beats that break your neck
Don't sweat the teqnique like Rakim and Eric B
From the k u double u a l t we speaking araby
And we are never gonna stop until we finished
I eat my spinach and im quick to stop my rhyme at
scrimmage
Aint no stopping me now im going all the way
So better luck another day with the better play
Haters sya what they say but I aint hearing
They coming down a dozen but soon they'll be
disappearing
But im here to stay I aint flash in the pan.
(ayo kwe why you tearing up the club)
Cause I can
If you aint already in don't come knocking
We cant hear you were to busy rocking

Chorus (QB - Daffy) x2

Bridge (QB)

965 baby
We will Party
All night Long

Verse 3 (Daffy - Arabface - Spyro)

NG don't stop the beat
Break it down on the floor
Everyone move your feet
Make them loose control
To all the ladies on the dance floor
Shake it shake it till theres no more

Let me see you get down (oh oh)

Let me see you touch the ground (oh oh)
Were the army of one (oh oh)
And that's the way we roll

stop drop and roll to the floor
keep looking around you see me no more
lets begin the show with the lyrics i blow
the S to the P Y R to the O
i'll be pulling up trees directly from the roots
catch me when I giz and im blowing off the roof
tying up my shoes putting on ma jewels
get ready to roll i got nothing to lose
with ma two girls two chains two guns two tims
riding on the limo twenty two rims
Im mysterious when i rock the beats
I'll be serious when i walk in the streets
don't be curious, when you get of ya seats
im so furious when i rip off the meat
I'm over this get ready to leave yup
