Your smiling needs a touch of my artistic hands
Built a shade for people who were so fake
Your message needs to clear itself
Just before I take another step, another step

I'll always be with you my friend
I'll never let you go, I'll never let this go
We'll always make these promises
I'll never let you go this time

Your message needs to clear itself
Just before I take another step
Another step
You're working hard to clear us out
But I won't let you go
I won't let go, I won't let go

I'll always be with you my friend
I'll never let you go, I'll never let this go
We'll always make these promises
I'll never let you go, I'll never let you go

I'll always be with you my friend
I'll never let you go, I'll never let this go
We'll always make these promises
I'll never let you go this time

Your smiling needs a touch of my artistic hands
Built a shade for people who were so fake
Your message needs to clear itself
Just before I take another step, another step
