I took advantage of you.
A stepping stone to my pedestol.
When you had enough of it.
I said "Fine good luck replacing me".
Cause you are.
Strong and Independant,
Self sufficient and So Confident.
And I'm like mercury.
Rising to the top so selfishly...

Chorus:
The Better Half Of Me.
It's You!.....
I'm like a heart without it's beat.
without you!...
I gotta find ya, Gotta remind ya.
I promise you that i'm gonna love ya.
Cause two is stronger than one.

So please accept my apology.
Cause im feeling like a branch
without it's tree.
It took me a fall to really see.
That your the catch that I wanna keep.

Cause I get weak, just thinking about you.
Living without you life has no value.
So baby, Come back to me.
Cause your the only missing piece

Chorus:
The Better Half Of Me.
It's You!.....
I'm like a heart without it's beat.
without you!...
I gotta find ya, Gotta remind ya.
I promise you that i'm gonna love ya.
Cause two is stronger than one.

Oh.....
It took a little earthquake.

To appreciate, the stability.
That you've given me.
So Consistently.
And I wanna thank you.
If It worn't for you.
I wouldn't never find.
Never Find.....

The Better Half Of Me.
Is You!.....
I'm like a heart without it's beat.
without you!... cause

(CHORUS)

Yeah.... The Better Half, The Better Half Of Me.
Is You....
