This was big for us.
Forever changing you and me.
Allow me to be ambiguous,
Even though I can't stand ambiguity.

I'll beat around this burning bush,
Trying to put the fire out.
When it all came to shove and push.
The words just stayed stuck in my mouth.

Chorus:
It's okay to believe in something.
It's alright to live your life for someone else.
Take pride for what you believe in.
Stand up for who you are.
Cause.
It's okay to believe in something.
It's alright to live your life for someone else. yeah!

So I might lose this battle.
But im glad you did'nt leave.
I wear my soul on my shoes.
If not my heart upon my sleeves.

If im not allowed to speak out loud.
Of what you really mean to me.
Then i'll type it bold when I spell it
out that's I.T.S. L.O.V.E. cause.

Chorus:
It's okay to believe in something.
It's alright to live your life for someone else.
Take pride for what you believe in.
Stand up for who you are.
Cause.
It's okay to believe in something.
It's alright to live your life for someone else. yeah!

Ba da ba dum, ba da ba dum, ba da ba dum, ba da ba
dum.

So why do I hesitate to wait for my cocoon to break?
Second guess for every move that I make.
Second guess for every move that you make.

This was big for us.
Forever changing you and me!

Cause!
