The blood is pounding in my head I feel a tightness in
my chest

The room is spinning backwards and I cannot seem to
catch my breath

My life flashes before my eyes I realize I'm gonna
choke to death

[Chorus:]

Asphyxia I cannot breathe someone please help me
I suffocate asphyxiate is this the end of me

Shove a finger down my throat and hope that I don't
bite it off

I cough I spit I'm in a fit clutching anything in sight
These seconds are my very last I'm turning blue I'm
fading fast

[Chorus:]

Asphyxia I cannot breathe someone please help me
I suffocate asphyxiate is this the end of me

The world around me's growing dim I feel a state of
shock is near

Panic's taken over and my body is stricken with fear
Now I'm hanging by a thread cardiac arrest is here

[Chorus:]

Asphyxia I cannot breathe someone please help me
I suffocate asphyxiate is this the end of me

My bodies twitching on the floor my throat is swelling
more and more

The pulse is weak inside my vein my life is almost
drained

No air to make my final cry and no one here to see me
die

[Chorus:]

Asphyxia I cannot breathe someone please help me
I suffocate asphyxiate is this the end of me

Asphyxia I cannot breathe someone please help me

I suffocate asphyxiate Is this the end of my life'
