The farmer finds his lost livestock
The grazing idiots are dead
The carcasses are molested
But not a drop of blood was shed

Cattle mutilation!
Cattle mutilation!
Cattle mutilation!
Cattle mutilation!

Those cults with sickening ritual
They perform gross operations
removing the external anus
Then sexual desecration

Cattle mutilation!
Cattle mutilation!
Cattle mutilation!
Cattle mutilation!

[Lead]
Cattle mutilation!
Cattle mutilation!
Cattle mutilation!
Cattle mutilation!

Experimental surgery
Precision cuts from outer space
Or aliens need nourishment
And only eat the tail and face

Cattle mutilation!
Cattle mutilation!
Cattle mutilation!
Cattle mutilation!
