I got coils in my hair, I am a kinky head  
I got a look yes I dare, and I have no fear  
Chocolate on my skin, I'm like a honey delight  
I've got curves, grace and style,  
I embrace myself with pride

You got freckles on your face, you're the brightest star  
You got people who dislike everything you like  
Gotta do what you do don't be afraid to try  
If you're gay, straight or fly  
Just embrace yourself with pride  
Just embrace yourself with pride  
I embrace myself with pride

There's no shame on you  
Face the world and show  
That you're proud of what you are  
There's no blame on you  
Everybody knows  
That you're great as you are

I got kinks in my hair, and I'm so damn fierce  
I got freedom in my soul, that is a bliss  
I gotta do what I do I'm not afraid to cry  
I'm gonna live, love and die  
I embrace yourself with pride  
Just embrace yourself with pride  
Just embrace myself with pride

There's no shame on you  
Face the world and show  
That you're proud of what you are  
There's no blame on you  
Everybody knows  
That you're great as you are  
[x2]

You see wrinkles on your face, I see a gorgeous smile  
You got power in your veins, you got to be yourself  
Vanilla on your skin or a chocolate delight  
If you're gay, straight or fly

Just embrace yourself with pride  
Just embrace yourself with pride

There's no shame on you  
Face the world and show  
That you're proud of what you are  
There's no blame on you  
Everybody knows  
That you're great as you are  
[x2]
