The birds are singing along
Weeping willows are shedding a tear
The world is turning around
And you know that I know

The boats are leaving the harbor
Modern slaves, freed from hard labor
Happy hippies are spreading some joy
And you know that I know

Yes I know that you love me
I can feel that you love me
It's a bliss that you love me
Cause you are who you are

Mourners are crying a river
Soul mates are sharing their vows
Young people are fooling around
And you know that I know

The moon is cradling the stars
The sun is teasing the sky
The breeze whispers to the trees
That you know that I know

Yes I know that you love me
I can feel that you love me
It's a bliss that you love me
Cause you are who you are

Yes I know that you love me
I can feel that you love me
It's a bliss that you love me
Cause you are the best love ever

The moon is cradling the stars
The sun is teasing the sky
The breeze whispers to the trees
That you know that I know

Yes I know that you love me

I can feel that you love me
It's a bliss that you love me
Cause you are who you are

Yes I know that you love me
I can feel that you love me
It's a bliss that you love me
Cause you are the best love ever

Yes I know that you love me
I can feel that you love me
It's a bliss that you love me
Cause you are who you are...
