Like a drug I'm addicted to  
Hypnotizing my point of view  
I forget all that I've been through  
It's you

I was trying to live apart  
'Cause I know when I touched your heart  
It was cold and I just can't stay  
I run away

#### **Chorus**

I'm running away, a night and a day  
Away from the city of love and pain  
I'm running away in search for a place  
That's far from the city of love and pain

You are killing the saint in me  
Leave no chances for being free  
All my bad dreams are coming true  
It's you

I was trying to live apart  
'Cause I know when I touched your heart  
It was cold and I just can't stay  
I run away

#### **Chorus**

Love is not what you do  
It's only for two  
It's water and fire  
I'm not a slave of desire for you

Love is not what you do  
It's only for two  
It's water and fire

## I'm not a slave of desire for you
