There's no need for depression
And no I don't have the blues
Wouldn't wanna go to heaven
If I can't go there with you
And yes I still count my blessings
When I am standing with you
And no I've never learned my lesson
I'm still a dedicated fool

And baby I will try for the sake of you and I
And baby I will survive all the heartbreak love inspires

There's no need for guessing
When you are faithfully true
Though my body may wander
My mind is always with you
And in the depths of destruction
There is but one golden rule
Looking out unto your neighbor
Save yourself first you silly fool

And baby I will try for the sake of you and I
And baby I will get by on whatever you provide
And baby I will survive all the heartbreak love inspires
And baby I will survive, oh I will survive

Pull me in tighter, pull me in tighter, pull me in tighter,
yeah
Pull me in tighter, pull me in tighter, pull me in tighter,
yeah
Pull me in tighter, pull me in tighter, pull me in tighter,
yeah
Pull me in tighter, pull me in tighter, pull me in tighter,
yeah

When you see me coming
Take off your running shoes
No arms and no weapons
When I am coming for you

And baby I will try for the sake of you and I
And baby I will get by on whatever you provide

And baby I will survive all the heartbreak love inspires
And baby I will survive, oh I will survive

And baby I will survive, oh I will survive (x10)
