I been had and I been held  
With the ghosts at bay  
I been oaked and I been doped  
And carried away

I been charred and I been scarred  
On my own face  
But i never thought I'd see you as I did today

Till the angels hung around  
Till the angels hung around  
Till the angels hung around  
As they carried me away

I been clubbed and I been snubbed  
By the dogs of LA  
And I been burned and I been learned  
In the same city

I been whored and I been gored  
I been less and I been more  
But I never thought I'd see you  
As I did today

Till the angels hung around  
Till the angels hung around  
Till the angels hung around

As they carried me away

You were stuck in the badlands  
Acting like a bad bad man  
I been photographed and painted up  
And I been in love only once

And I feared the best and loved the worst  
And insisted that I go first  
And watch your eyes as they poured  
And I never really loved you more

And I never thought I'd see you  
As I did today

Till the angels hung around  
Till the angels hung around  
Till the angels hung around  
As they carried you away

And they put you in the ground  
When the angels hung around  
And the angels hung around  
As they carried me away
