It seems all way too real to doubt it
the way I feel about it
I know how the words all sounded
but now my heaven's dark and clouded

I did it all for you
I did it all for you
I did it all for you
Stop!

I did it all for you
I did it all for you
I did it all for you
Stop!

I don't know where the problems started
I don't know what to do about them
Don't try to save what's already parted
I just want to....I just want to.....I just want to....fuck it.....

I did it all for you
I did it all for you
I did it all for you
Stop!

I did it all for you
I did it all for you
I did it all for you
Stop!

[Instrumental]

I did it all for you
I did it all for you
I did it all for you
Stop!

I did it all for you
I did it all for you
I did it all for you
Stop!
