Since the moment I left him everything's gone wrong
Every bone in my body aches he was the one
And what I said is echoing inside
I can't eat I can't sleep cause you're always on my mind

Well now I know there is only you
I can't take it back but I say to you
That I know that I'm mistaken
My heart belongs to you
And now I want us to make it
My heart belongs to you
I couldn't find a reason not to leave
The circles we made became filled with deceit
And soon I forgott just what was real at all
'Cause when I looked at you all I saw was just a wall

But now I know there is only you...
