You're a coward.  
You were crying.  
I heard you cry again last night so try  
Not to return.  
Every tide every night that is rising  
Is a step into endless relief  
And I feel exactly what you feel.

Raise your head and let's disarm the tyrants.  
Lead the blind away from ignorance.  
Raise your head and let's disarm the tyrants.  
Chase the enemy to nowhere land.

You're aggressive.  
You're depressive.  
You've been lost in seas of flames and tears.  
So please return.  
Every tide every night that is rising  
Is a step to a final relief  
And I feel exactly what you feel.

Raise your head and let's disarm the tyrants.  
Lead the blind away from ignorance.  
Raise your head and let's disarm the tyrants.  
Chase the enemy to nowhere land.

No doubt in time everything is a sunshine.  
And we'll pray to the Goddess of hope  
That we dares to resist the oppression.  
We gonna hear them calling and calling our names.

Raise your head and let's disarm the tyrants.  
Lead the blind away from ignorance.  
Raise your head and let's disarm the tyrants.  
Chase the enemy to nowhere land.

Raise your head and let's disarm the tyrants.  
Lead the blind away from ignorance.  
Raise your head and let's disarm the tyrants.  
Chase the enemy to nowhere land
