I'd do anything  
To hold on to you  
Just about anything  
To be with you I'd hold on to you  
Til the stars no longer wink  
I'd hold on to you  
Til you figure out... just what you think

All through the night hearing the dock tick  
All through the night I'm with you  
Hours I wait just for a mind kick  
Don't't know where it leads me to

Tenthousand times I wait for the morning star  
Tenthousand miles I have to go... I see  
I cry  
Unspoken words, so many words  
I see  
I cry  
They never lie  
Unspoken words

There's no end cause there's no beginning  
Am I the one that she calls?  
How can I explain? What am I winning?  
Do I pretend not to fall?

Tenthousand times I wait for the morning star  
Tenthousand miles I have to go... I see  
I cry  
Unspoken words, so many words  
I see  
I cry  
They never lie  
Unspoken words...

There's a whisper escaping my tongue and my lips  
Formed by a certain vision... and with an unknown  
passion  
But there's no return Tenthousand times I wait for the  
morning star

Tenthousand miles I have to
