Can you feel my vibrations  
Between us there is no inhibition  
Can you show me what is passion  
I kinda like it when it's old fashion

You wanna leave now, I want you to stay  
You say you love me too then you fade away  
And you're always alright when I'm not OK

When you hold me so tight  
That I give you all my soul  
Then you kiss me so right  
I'm starting to loose control

I think I'm a fool  
You got me crazy with your ways  
I think I'm a fool  
You got me totally insane  
And the beat goes on with the rhythm of my heart  
I'm in love with the devil

Every time you're here  
Every time you breathe  
Every time you whisper in my ear  
You make me feel like I'm special  
'Til I realize you're no angel

I feel so caught now under your sway  
Can I feel secure in your gaze?  
I'm always afraid  
Why can't I walk away?

I know I should fight  
But the feelings are too strong  
That I can't deny, I love walking in the danger zone

I think I'm a fool  
You got me crazy with your ways  
I think I'm a fool  
You got me totally insane  
And the beat goes on with the rhythm of my heart

I'm in love with the devil  
I'm in love with the devil
