Into another world  
Into another life  
With closed eyes  
We get get inside

It's so cold outside  
The sun sends no more light  
But the smell of peace can't be  
But the smell of peace can't be denied

There seems to be nothing  
But so much air to breathe  
The silence is a novelty  
I hear my heart pounding

We don't want to leave this world  
Where my soul is feeling free  
We just want to live like now  
Without any memories  
We deserve to be - We deserve to be free

Now open up your eyes, it's time to face the truth  
But what we'll see, it's an unreal reality

I'm not a preacher, or any kind of fool  
I'm not a higher might's, A higher might's tool

We don't want to leave our world  
Where my soul seems to be free  
We don't want to live like now  
With some kind of memories  
We deserve to be - We deserve to be free

[Solo]

A howl surrounding me  
Spattering blood is not the key

The gun! My destiny  
All I see is hate and pain  
And I close my eyes - I close my eyes again  
Again, again!

These are the official lyrics, like they are written in the booklet (a typo or two might have been corrected here, though).
