In a time when rivers run dry
And evil comes along
Thunder keeps on roaring
Heavy Metal will be strong
The electric eye is near you
Looks straight through your mind

Don't think, just follow the stream
You'll see it makes you scream

[Pre chorus:]

Cast in Iron. By hands of fate
Shut your eyes now. For something new

[Chorus:]

Bang your head, till the dead rise again
Shout it out, hard and loud, to break these chains
Now you see, what I mean. Let it in
Make it real. Come and feel your iron fate

A leather crowd surrounds you
With black boots in the dust
BANG! their heads fast up and down
Be a leader in the town
Try to know and never guess
What's coming after death

[Pre chorus]

[Chorus]

[Solo]

[Pre chorus]

[Chorus]

Submitter's comments:Â

These are the official lyrics, like they are written in the booklet (a typo or two might have been corrected here, though).
