It's cold outside, a few minutes past midnight  
I hear that somebody talks  
The beast's on the run and the damage is done  
So blood will flow down in the streets

The hunter is fast - a murder at last  
Somebody will die tonight  
I can't let you go, then you will know  
The reaper comes over you  
My face like a stone. I'm breaking your bones  
You're left with your last thoughts alone

[Chorus:]

Killer instinct - Killer instinct  
Half beast, half man, so run if you can  
Killer instinct - Killer instinct  
You'll die if you stay, so get out of my way  
I don't want it to be - I don't want it to be  
But the killer is me!

Alone in the dark - a walk through the park  
A smell of death in the air  
Heaven and Hell - I'm under a spell  
Darkness is waiting for me

Next victim is found - down underground  
We disappear in the fog  
He had no chance, his blood on my hands  
I'm the last one he saw  
I cut him twice, midnight sacrifice  
His body is cold as ice

[Chorus]

[Solo]

Is it real or just a dream  
Whatever it is, I can't break free  
What do you see?  
If you look (If you look) If you look at me?

These are the official lyrics, like they are written in the booklet (a typo or two might have been corrected here, though).
