Yesterday you left us - the race is run  
You finally made it - god quit us all  
We had tears in our eyes  
As we remembered the time  
We stood by your side -  
But you lost the fight that night

[Chorus:]

With pain and torment you died  
Sorrow and sadness we cry  
God took an angel away  
Night and day - for you we'll pray

You'll never know how much we miss you  
(When pain and sadness hurt)  
Heaven took your soul away  
(Our thoughts are hunting us)  
In these days of mourning,  
is death a solution?  
(The suffering will be over)  
Memories of fear disappear in the dark  
(They try to take us away)

[Chorus]

We know you can't come back  
We just hope you're fine where you are  
We're sure we'll meet again  
Sometimes and Somewhere

[Solo]

[Chorus]

These are the official lyrics, like they are written in the booklet (a typo or two might have been

corrected here, though).
