Look at what you started
And I never would have thought it
Was even slightly possible
Accord to keep it silent
But my heart is growing violent
With the urge to taste you once again

I didn't know what this would do
Or all the hell it'd put me through
I thought this would be
Thought it'd be alright

Sometimes I wish I could go back
And change what we did
And make it alright
I wanna make it alright

I know some things will never be the same
And I partly feel you are to blame
But I know I wouldn't change a thing
For the world

I didn't know what this would do
Or all the hell it'd put me through
I thought this would be
Thought it'd be alright

And I can't stand the pain
When my heart screams your name
I thought this would be
Thought it'd be alright

But it's hopeless to hold on
And I know we should move on
I hope this will be
Hope it will be alright

I didn't know what this would do
Or all the hell it'd put me through
I thought this would be
Thought it'd be alright

And I can't stand the pain
When my heart screams your name
I thought this would be
Thought it'd be alright

No matter what happens
I have to imagine
That this will be
This will be alright
