oh mama you don't want a one minute man ?  
Well give me a chance let me get in it damn  
If you want it that long you better know that I tax  
I can hit the cat strong even make you climax  
Crawl down to your toes anything goes  
I got your body shivering like baby den froze  
I'm delivering the brown on skin just call  
you can even bring your friends it could be us all  
Cause I'm down for the freak I smoke a pound a week  
so all around the streets I find pounds to beat  
They Rio gotta tone and he pound discrete  
I keep them smothered on the phone cause they sound  
so sweet  
It's a word around town that I'm making it last  
Yeah I swerve around town cause I'm making my cash  
But if your down for a round baby just ask  
but I promise I won't confess

oh mama  
oh come to papa Yes mama papa  
You got that twa twa and I want it bad  
oh mama won't you come to papa  
Yes mama papa I promise I won't confess

So if it's on then it's on  
I like to hear them moan on the phone  
in between you know they fien my zone  
All the women from my block say my thing is long  
And I can work around the clock cause I bring my bone  
So if you really wanna jock then baby give me a fix  
And I'll be running like a fox with plenty of tricks  
hold on to my glock let me give you a hiss  
As I beat it on the spot, with plenty of stick  
Cause imma do what I do cause I love the sex  
I'm so new to the crew but I plug the best  
They say Rio was a fool the way he dug your chest  
and the way you played it cool by saying he was the  
best  
So if it's on then it's on we can do it make it last  
while your sporting your thong, getting truant in the  
grass

Imma hit you with my song we can do it for the cash  
But I promise I won't confess

oh mama  
oh come to papa Yes mama papa  
You got that twa twa and I want it bad  
oh mama won't you come to papa  
Yes mama papa I promise I won't confess

I don't wanna be a brag man I never had nane  
So I'm gonna give it every minute like a mad man  
take you to your limits when I'm in it not a bad plan  
hit you like I'm Lennox you know I gotta brag And  
I don't wanna take it to the streets of klash  
All I'm really trying to do is get a piece of ass  
Take them out like the trash as the fun just last  
but I promise I won't confess

[Chorus 3X]

oh mama  
oh come to papa Yes mama papa  
You got that twa twa and I want it bad  
oh mama won't you come to papa  
Yes mama papa I promise I won't confess
