Road racin',  
Movin' on down the line.  
Shiftin' gears,  
And time  
Move so fast I can't  
Hands on the wheel  
Road again  
Baby  
Radio's blastin'  
Rockin' all night  
Rollin' down the  
Through the dead of night.  
Road racin',  
Feel the earth move under my wheels.  
There  
The chills you get from the turns and squeals.  
On my way  
Just let me know  
Rollin' down the  
With the  
World's flashing by,  
Past the smoke and the heat.  
We're road racin'  
Kick it out now  
Road racin,  
The line  
Space and time  
Dead of night  
We're road racin'
