We should get together
We should get together

Take anything you want boy
Cause you know that there won't be a second time
Take everything you can girl
Cause a love like this so real is hard to find

Take anything you want, take everything you need
Cause it's time for understanding
If a love is in your heart, then it's really time to start
And I've got to let you know

We should get together
Stay this way forever
Echos in my mind
You and me combined
We should get together
Gonna last forever
Taking back what's mine
Love is gonna shine

We should get together
Stay this way forever
Echos in my mind
You and me combined
We should get together
Gonna last forever
Taking back what's mine
Love is gonna shine

We should get together
(Gonna shine / 'leive it
Gonna shine / 'leive it
Gonna shine / 'leive it, it's all up to you)
We should get together
(Gonna shine / 'leive it
Gonna shine / 'leive it
Gonna shine / 'leive it, it's all up to you)

Don't think about the last time

Cause the future is a light that shines for you
Don't worry 'bout the answers
Holding on to what you've got is all you should do

Take anything you want, take everything you need
Cause it's time for understanding
If a love is in your heart, then it's really time to start
And I've got to let you know

We should get together
Stay this way forever
Echos in my mind
You and me combined
We should get together
Gonna last forever
Taking back what's mine
Love is gonna shine

We should get together
Stay this way forever
Echos in my mind
You and me combined
We should get together
Gonna last forever
Taking back what's mine
Love is gonna shine

We should get together
(Gonna shine / 'leive it
Gonna shine / 'leive it
Gonna shine / 'leive it, it's all up to you)
We should get together
(Gonna shine / 'leive it
Gonna shine / 'leive it
Gonna shine / 'leive it, it's all up to you)

Take it or leave it
You gotta believe it
Take it or leave it it's all up to you
Take it or leave it
You gotta believe it
Take it or leave it it's all up to you

We should get together
Stay this way forever
Echos in my mind
You and me combined
We should get together
Gonna last forever
Taking back what's mine
Love is gonna shine

We should get together
Stay this way forever
Echos in my mind
You and me combined
We should get together
Gonna last forever
Taking back what's mine
Love is gonna shine

We should get together
(Gonna shine / 'leive it
Gonna shine / 'leive it
Gonna shine / 'leive it, it's all up to you)
We should get together
(Gonna shine / 'leive it
Gonna shine / 'leive it
Gonna shine / 'leive it, it's all up to you)
We should get together
(Gonna shine / 'leive it
Gonna shine / 'leive it
Gonna shine / 'leive it, it's all up to you)
We should get together
(Gonna shine / 'leive it
Gonna shine / 'leive it
Gonna shine / 'leive it, it's all up to you)
