I'm placing
A face to your name
I can't believe
I ran into you again
Been a long time
Since I felt this way
I shouldn't have left
And kept you so far away

And I like you
But I don't know why
I couldn't explain
Just how I feel inside
And it's okay
Let's just keep it this way
As long as you know
I'll won't forget you again

My stomach dropped
My heart skipped a beat
My sudden minder that I left something sweet
I lost time that I'll never get back
But now you're here to put my love on track

And I like you
But I don't know why
I couldn't explain
Just how I feel inside
And it's okay
Let's just keep it this way
As long as you know
I'll won't forget you again

Strangers came
And I sang
But I don't know why
Strangers came
And I prayed
To stay here always

And it's okay

Let's just keep it this way
As long as you know
I won't forget you again

And I like you
But I don't know why
I couldn't explain
Just how I feel inside

And it's okay
Let's just keep it this way
As long as you know
I won't forget you again
