Ooh oh oh
Yeahhh

Don't give it up, you don't wanna run
I'll give you pictures of romance and love
You wanna stop before we've begun
But I've been more than patient, don't wanna get
cheated

You're all I think about, I'm in love (in love)
I've got a vision of us livin' it up (it up)
If you just go with me, I'll be your one
We'll make our own story
No one said it couldn't beat up

('Cause I feel your love)
Sometimes you hold it back
(But I feel your love)
And girl I got your back
(Yeah I feel your love)
We're on the right track
Nothing can beat it, everyone can see it

Would you run, run in your head
Who knows when you're coming back
Oh oh I don't care
No one's saying you're too scared
Hey hey you'll regret
Saying all those things you said
You wanna go, wanna go, don't go (don't go)

No more excuses, I've heard them all (I've heard them
all)
Don't ask for more time, you've had enough (you've
had enough)
Don't wanna slow down, I say what's up
'Cause I've been more than patient, don't wanna get
cheated

You're all I think about, I'm in love (in love)
I've got a vision of us livin' it up (it up)

If you just go with me, I'll be your one
We'll make our own story
No one said it couldn't beat up

('Cause I feel your love)
Sometimes you hold it back
(But I feel your love)
And girl I got your back
(Yeah I feel your love)
We're on the right track
Nothing can beat it, everyone can see it

Would you run, run in your head
Who knows when you're coming back
Oh oh I don't care
No one's saying you're too scared
Hey hey you'll regret
Saying all those things you said
You wanna go, wanna go, don't go (don't go)

It's a peaceful feeling, when you come in close to my
soul
Yeah it's the best damn feeling, but it's always getting
ready to go

Would you run, run in your head
Who knows when you're coming back
Oh oh I don't care
No one's saying you're too scared
Hey hey you'll regret
Saying all those things you said
You wanna go, wanna go, don't go (don't go)

('Cause I feel your love)
Sometimes you hold it back
(But I feel your love)
And girl I got your back
(Yeah I feel your love)
We're on the right track
Nothing can beat it, everyone can see it

Would you run, run in your head
Who knows when you're coming back
Oh oh I don't care
No one's saying you're too scared
Hey hey you'll regret
Saying all those things you said
You wanna go, wanna go, don't go (don't go)
