Wake me up inside  
Tell me there's a reason  
Take another step to get off my knees and follow this  
path of most resistance  
And wherever it takes us  
Whatever it faces  
And wherever it meets

So wake me when it's through  
I don't wanna feel the things that you do  
(the things that you do)  
Don't worry I'll be fine  
I just don't want this dream  
Wake me up inside

Something for the pain  
Just to kill this feeling  
Although we look awake, inside were still were all still  
sleeping  
I spent my time here alive  
But barely there

Do you believe we'll ever make it  
Do you think we'll ever really see

So wake me when it's through  
I don't wanna feel the things that you do  
(the things that you do)  
Don't worry I'll be fine  
I just don't want this dream  
Wake me up inside

Wake me up inside  
These dreams all die if we let them  
Wake me up inside  
Today wont start if we just give in  
Coz you wont be anything (?)

So wake me when it's through  
I don't wanna feel the things that you do  
(the things that you do)

Don't worry I'll be fine  
I just don't want this dream  
Wake me up inside
