Divinity will rise and destroy
I am the wolf amongst the sheep
And I will erase
All the things that you hold dear

No more heroes
No more lies
No more saviours
On which you can rely

I was created from self righteous tears
Not from devil
Not from demon
But from those who preach
Power through fear

For once in this life
I scorched the skies
I am the remedy to humanity
I am the dirge of those who died
I'm the devil turning glass into sand
I'm the shadow on the wall
I am the subtlety of endless sleep

For this demon is a man

I am the great plague bearings down
I am the land clearing flood
I am the iron fist
The pulverises kingdoms into dust

For once in this life
I scorched the skies
I am the remedy to humanity
I am the dirge of those who died
I'm the devil turning glass into sand
I'm the shadow on the wall
I am the subtlety of endless sleep
For this demon is a man

For once in this life
I scorched the skies

I am the remedy to humanity
I am the dirge of those who died
I'm the devil turning glass into sand
I'm the shadow on the wall
I am the subtlety of endless sleep
For this demon is a man
