Every time I see you girl
The way you move
You make me want to dance
I really want to dance
I'd love to hold you in my arms
With you I feel a musical romance

You know the way the rhythm
flows through you
Stimulates a closeness I desire
To feel you dancing close to me
Would surely generate a raging fire

Do you want to dance
I'd like to dance
And feel the music lift us off the
ground
And let the rhythm move us all
around
There's magic to be found.

You know with every note I feel
the beat
Pulling me into your rhythmic spell
Ah, you're really moving well
You fascinate me with your charm
You mesmerize, now surely you
can tell

That I want to dance
I'd like to dance
And feel the music lift us off the
ground
And let the rhythm move us all
around
There's magic to be found.

You know with every note I feel
the beat
Pulling me into your rhythmic spell
Ah, you're really moving well

Uou fascinate me with your charm
You mesmerize, now surely you
can tell

That I want to dance
I'd like to dance
And feel the music lift us off the
ground
And let the rhythm move us all
around
There's magic to be found
