When I look in your eyes
I see the smile I've known
And the love has grown
Oh I, I feel you in every way
More than I ever could say
I'm lovin' you every day

Just to know that the love that we
share with each other is real
Relating just how we feel
Is bringing me closer to you
In giving you freedom to do
I'm free to be me

The rain has finally come and gone
And the sky has turned to blue
from gray
And the pain in my life
Is slowly slipping away.

The rain has finally come and gone
And the sky has turned to blue
from gray
And the pain in my life
Is slowly slipping away.

When I look in your eyes
I see the smile I've known
And the love has grown
Oh I, I feel you in every way
More than I ever could say
I'm lovin' you every day

Just to know that the love that we
share with each other is real
Relating just how we feel
Is bringing me closer to you
In giving you freedom to do
I'm free to be me.
