My radio's playing as I sit here and wait
It's nearly nine and she was due around 8:00
I'm all dressed up and I've no place to go
I'll look so stupid if that girl don't show

I sit here listenin' to my favourite songs
I wonder what's taking that girl so long
I told my friends that I would bring her around
If I get stood up there'll be no livin' it down

It's so frustrating but I'm not alone
At least I got a friend to pass the time
If it weren't for this station
I'd go out of my mind

Without my radio playin' songs that I know
I got my radio wherever I go
I've got radio

The digital clock on my radio says
In a few more hours this night will be dead
Hey Mr. DJ won't you hear my plea
Take my request and tell that girl for me

It's so frustrating but I'm not alone
At least I got a friend while I'm waitin' to go
I got the number one station
Playing songs that I know

On my radio I'm in tune with the times
Without radio I'd go out of my mind
I've got radio and no one can take it away

The digital clock on my radio says
In a few more hours this night will be dead
Hey Mr. DJ won't you hear my plea
Take my request and tell that girl for me

It's so frustrating
But I'm not alone
I'm waiting

I got my radio playin' songs that I know
I got radio wherever I go
I got radio and no one can take it away
On my radio I'm in tune with the times
Without radio I'd go out of my mind
I've got radio
And no one can take it away
