Darlin' you're the sunshine
That brightens up my day
You warm me with your sweet love
And you take the chill away
When I wake in the morning
I'm glad that I can say

I know we were meant to be together
And I know that our love will be forever

At times I was so lonely
Never thought I'd find the girl for me
Then one day when I least expected
You were here to warm and comfort me
Now your love is growing deep inside
Down in the garden of my soul

I know we were meant to be together
And I know that our love will be forever
Baby I need you, Baby I love you
More than you'll ever know

There are times that I can feel you
When I'm going about my day
That's when I know that we're in touch
In that very special way
Oh I just can't wait to talk to you
'cause I love to hear you say

That you know we were meant to be together
And you know that our love will be forever
Baby I need you, know that I need you, more than you'll
ever know
Yes Baby I need you, know that I need you
More than you'll ever know
