Well I'm working all day, nearly all of the night  
I gotta keep goin' while the feelin' is right  
Tape is a rollin', time keeps slippin' away  
You know the speakers are burnin' and I'm movin'  
ahead  
The engineer's working to stay out of the red  
Meter's are jumpin', the band keeps playin' away  
Well sometimes I feel a little dizzy from rollin'  
But I gotta keep rockin' away... away... away...

Cause I love that rock n'roll music  
That rhythmic kind of music  
I can't stop makin' and playin' that rock n'roll  
Cause I love that rock n'roll music  
That rhythmic kind of music  
I'm never gonna give up playin' my rock n'roll

I'm hittin' the road doin' one night stands  
Got to be ready to meet my fans  
Nights are gettin' longer and days start  
fading away  
All my roadies are staging and learning the show  
Everybody's looking at a week to go  
I'm running behind but the band keeps playin' away  
Well sometimes I get a little dizzy from rollin'  
But I got to keep rockin' away... away... away...

Cause I love that rock n'roll music  
That rhythmic kind of music  
I can't stop makin' and playin' that rock n'roll

Cause I love that rock n'roll music  
That rhythmic kind of music  
No I'm never gonna give up playin'  
I'm never gonna give up makin'  
No I'm never gonna give up playin' that rock n'roll
