Talk to me
If you want this love to grow
Baby just talk to me
That's the only way I'll know
Just how you feel inside
Please don't hide
Won't you talk to me?

Oh talk to me
'Cause it's surely not just you
Needing to talk, you see
You can bet I feel it too
We need not try and blame
'Cause I know we feel the same
Won't you talk to me?
You know I want to understand

Why every time we try and talk
The words get in the way
And yet I know that we must keep
on trying
We've got to learn to speak our
minds
While coming from our hearts
That's the only place where love
resides
And understanding starts
Won't you please relate?

Oh talk to me
And tell me what you feel inside
Baby just talk to me
Oh, lover please confide
Let your thoughts come through
You know I want to hear from you
Won't you please talk to me?

Oh, I want to hear from you
Baby just talk to me
Every now and then and again
And when you feel like comin'

around
I'll be around.
