I hear that you are a new guy in town  
And I've been told that you've been seen with  
her around

I'm not here to tell you what to do now  
I want to make it real clear to you somehow  
This little girl that we're talkin' about  
I love her and there ain't no doubt

That I wanna see her with a real good guy  
But I realize that you're the one who caught her eye  
So if you're only lookin' maybe to score now  
You better take another look for sure now  
This little girl's gonna cost you a price  
If you want her love then heed my advice

You better treat her right  
Treat her like a lady  
Let her know, know that she's your baby  
Treat her right  
Treat her like she's never been loved

You've got to hold her close  
Tell her that you love her  
Let her know know that there's no other  
Treat her right and she'll treat you  
Like you've never been loved

I knew the guy that she dated before  
And he was a real heartbreaker with an appetite  
for more  
I don't want to see her takin' abuse now  
She's not the kind of girl you're just gonna use now  
For her, you're gonna have to earn my respect  
If you're her love this is how you collect

You better treat her right  
Treat her like a lady  
Let her know, know that she's your baby  
Treat her right  
Treat her like she's never been loved

You've got to hold her close, tell her that you  
Love her  
Let her know, know that there's no other  
Treat her right and she'll treat you  
Like you've never been loved
