"Here We Are"

Hello, we meet again
I know you wanted to pretend
Time didn't treat you well
Broken dreams never heal

It ain't for real this time, I tell you no
It ain't for real this time

Here we are, together once again
And there you go, this time I tell you no
Here we are, together once again
And there you go, this time I tell you no

Good bye I tell you now
What did you think, coming here?
Pain and flowers in blue
Broken dreams never heal

It ain't for real this time, I tell you no
It ain't for real this time

Here we are, together once again
And there you go, this time I tell you no
Here we are, together once again
And there you go, this time I tell you no

(Ba pa da da)

It ain't for real this time, I tell you no
It ain't for real this time, yeah

I wanna tell you, broken dreams never heal
It ain't for real this time, you know
I wanna tell you broken dreams never heal
It ain't for real this time, you know
