I'm sorry, I make you feel
This way, it's not me
Please believe
Happy, not at all
Are you? Wish you're not
Wish you came here

And I miss you so
I miss you so
I can't lay low
I can't lay low
Don't like myself when I'm without you
And I know that if you came here I will change
And you know, my only sorrow is you
So when we meet, you'll see
That I'm the one that I used to be

Sometimes, it's hard to sleep
Wake up, you're not there
Please believe
Summer, not in me
I'm sorry that I make you feel this way
It's not me
Please believe

And I miss you so
I miss you so
I can't lay low
I can't lay low
Don't like myself when I'm without you
But I know that if you came here I will change
And you know my only sorrow is you
So when we meet, you'll see
That I'm the one that I used to be
