It's killin' me to think that you don't want it no more
I shoulda learned my lesson when you f**ked before
You said something, I said something, seems like this
thing is over
Cuz you ain't called since you been gone

But I ain't gonna stress about it anymore
And I ain't gonna cry another night no
You gonna miss this chick right here
You gonna miss this chick I swear

I hate to admit it my heart was all in it
Like a fatal attraction happened cuz now it's killin' me
I can't eat, I can't sleep, I can't breathe
I just want you back with me baby

I can't help but think that we were always wrong
Although I find it hard to keep myself from holding on
And when I try to justify what you did wrong
It's like I'm constantly reminded that I can't move on

But I ain't gonna stress about it anymore
And I ain't gonna cry another night no
You gonna miss this chick right here
You gonna miss this chick I swear

I'm tired of faking that we could have made it
My heart keeps on aching and I just can't take it
Hey! I feel so weak (I can't breathe)
I just want you back wit me baby

I can't help but think that we were always wrong
Although I find it hard to keep myself from holding on
And when I try to justify what you did wrong
It's like I'm constantly reminded that I can't move on
Oh!

But I ain't gonna stress about it anymore
And I ain't gonna cry another night no
You gonna miss this chick right here
You gonna miss this chick I swear

Said ain't nobodys out there like mine
You went and (Uhh...) for the very last time
You gonna miss this chick right here
You gonna miss this chick I swear

But I ain't gonna stress about it anymore
And I ain't gonna cry another night no
You gonna miss this chick right here
You gonna miss this chick I swear
