Well now, little girl, how can I be so tired
Just waitin' for you, darlin'
I wanna get to the dance tonight
Come on let's rock all day

(x2):

Well now every time I come here, you're fixin' your hair
Come on little baby, let's get (to) the hop
& rock it up tonight, dear, 'cause might hold just hands
&
Well now, just rock along, baby
You know, rock along, baby
Just rock, little darlin'; rock it up tonight

Come on, let's rock all the way
