It's alright to tell me that you want me, and I can't sing
this melody, I'm on my own, I can get through this
without you.

The stars are tangled in the clouds, can't you hear me,
I'm screaming so loud.

You take all of me. Can't face this reality. You're
different, but your different in your own way.

I'm running away as fast as I can, save today 'cause
tomorrow might be gone,

Your tangible, Your wearing me thin, I just can't keep
my hands away from you.

Those clouds have released my thoughts in the air, I'm
no longer confused or scared.

All I'm asking for is you.
