### "Never Say Die"

Cracks in the walls and bleeding fists should make  
things blatantly obvious,  
that this frowning face will never, smile again.  
This is all in the past now, the future is waiting for me.  
This is the last time I, will take this before I die,  
and with this puncturing point I will take my life.  
And on my grave, you'll paint the words that you wish  
you could say,  
without proving that your selfishness can't change your  
evil ways.  
Once I have overcome the suffocation from all this  
dirt's not enough to lock the cage that I belong to.  
Scared for your life, God's only gift, You're scared to  
death, I'm scared to live.
