I walk alone inside these walls and it's not easy being  
me  
It seems like everytime I escape there's another  
following  
Being prone and, yeah they're coming  
I can feel them shooting me, without asking  
Lights are flashing but I guess that

It's what I've become, let me live as who I am  
Never wanted nothing, but you don't let me breathe as  
who I am  
I've just begun, I've just begun, I've just begun to find  
my way  
I've just begun, I've just begun, I've just begun to find  
my way

In the chase I know I'm wanted, hey look I'm no victim  
It'd be nice to make some mistakes without  
observations  
Or opinions, of distortions  
Deceiving what you're believing  
It's a shame that all these blessings can be a curse

It's what I've become, let me live as who I am  
Never wanted nothing, but you don't let me breathe as  
who I am  
I've just begun, I've just begun, I've just begun to find  
my way  
I've just begun, I've just begun, I've just begun to find  
my way

There's not a pill to take to save me from this  
heartache  
But I have no regrets I'm hoping for a better day  
There's not a pill to take to save me from this  
heartache  
But I have no regrets I'm hoping for a better day

It's what I've become, let me live as who I am  
Never wanted nothig, but you don't let me breath as  
who I am

It's what I've become, let me live as who I am  
Never wanted nothig, but you don't let me breath as  
who I am

I've just begun, I've just begun  
I've just begun to find my way...  
I've just begun, I've just begun  
I've just begun to find my way...
