A rose, a smile, cool summer night
Seduced by wine and cheap perfume

A kiss with fangs

And it began

And so the lie became the truth

Who needs a heart?

She spits it out

She's safe inside

Inside

She won't cry

Not this time

She's safe inside

Her sanctuary

She needed you

To love her too

She's safe inside

Her sanctuary

Once upon another time

She sought protection but she found

That no one cared

So she broke down

And built a wall to keep 'em out

Behind her smile

She lives a lie

She's fled inside

Inside

She won't cry

Not this time

She's safe inside

Her sanctuary

She needed you

To love her too

She's safe inside
Her sanctuary
