And I, I long to be
Inside your company
Good things are coming our way
I know they always have

In time, go far away
Place where we can go
I know we will some day, our own
Until then, I will lay inside
The sun'll rise in time

Don't be so selfless
I'll wait on the same lines as you
You can't be so helpless
I'll say what I'm going to do

Good things are coming our way
Good things are coming our way

And I, I long to be
Inside your company
(I wait 'till I have to do less)
Ahh maybe you know
We'll go wherever you wanted to
Through wishing I was somewhere else now
Drive along to escape
Good things are coming

Don't be so selfless
I'll wait on the same lines as you
Can't be so helpless
I'll say what I'm going to do

Good things are coming our way
Good things are coming our way
I'll wait till I have to do less

Drive along to our escape
Drive along to our escape

Good things are coming
Good things are coming, our way

Good things are coming
Good things are coming, our way
Good things are coming
Good things are coming, our way
Our way, our way
