Trouble abounds when you've left out of the makeup
Sunday dreams, a launch of schemes to overwhelm
I hope I am the only one to weigh in on the colors, I
choose

High acetate, fly elevate
High acetate, fly elevate

Unrealistic ideas misbehavin' like reindeers that pull
the sleigh
I bet you never thought your movie would turn out this
way
Can't take it, it's mine
Leave it behind, it's your chance to make

High acetate, fly elevate
High acetate, fly elevate

Up onward, moving forward
Creation with no hesitation
Witness a launch of schemes so fine
Going to realize all your dreams of mine

High acetate, fly elevate
High acetate, fly

Up onward, moving forward
Creation with no hesitation

High acetate
