"On Vacations"

I could feed this
The same sort of plead for attention
So sit down at the Hilton table
Find better camouflage to wear

Better everybody that's a supermarket eye
I know you as a person how youth's somewhere I can't
find

Hold on to our convacent just because I do.
So long, on vacations! you can have it!

Take a size at those right-arounds that you gave me.
I sort of expected that.
This is no attempt to win me over!
Ha you better camouflage! I can see you!

Hurting everybody, well the supermarket will dry
I would like to know this people, ah it's somewhere I can
find.

Hold on to our impatience, just because I do.
So long, on vacations! you can have it!

Hold on to our convacent, just because I do.
So long, on vacations! just because I do!
So long, on vacations!
Just because I do.
So long, on vacations!
Just because I do!
I do! I do! I do.
I do!
