Shawtty gat me so high like am on kai kai

Right now cant explain the things i feel inside

And not any kind of girl can make me feel this way

Believ me even if she gather front and ka ka

I just wanna make her be my number one

She so so in obimmo just like obiwon

i gat to clear and path her air ways like tom tom

Cos she dey make my heart dey beat like lagbaja drum

If na for this girl

Forget i go stop missile

Sleep on top dynamite just to protect her

Be romantic as to make her break fast in bed

And go singing luv songs just like the birds

I cherish this feeling morethan the bed of roses

She gat the classification of being so priceless

With all the things she has done and i'v seen

Makes me believ that ever since she came she has taken over me (Anderson)

When i walk with you

You make me want to do
