You always tell me how you are, and how you feel,
And things that make me feel so whole and real
That's why I give you this rose

And when I need you, you are always there
You help me out when I want to disappear
That's why I give you this rose

Let the rose say the words
We can learn from the birds
You and I can fly away
Darling, Happy Valentine's Day

You dry me up and you let me explain
When I'm late and wet and I've walked through the
rain
That's why I give you this rose

You give me wings to fly
When I ask for a balloon
You give me tender breeze, tender breeze
When I deserve a typhoon
And when I crash into a wall
You catch me when I fall
You do anything, God knows
That's why I give you this rose

Let the rose say the words
We can learn from the birds
You and I can fly away
Darling, Happy Valentine's Day
